

Product Brochure For W225

Welding Curtain

1.8m x 1.8m

#XARWC

Description

Welding curtains offer a temporary workspace or en-closed area as a protective barrier to personnel in the workplace which may be subject to welding flash. A great way to improve the overall work environment and assist in increasing productivity.

Features

- Welding curtain includes frame and wheels
- Includes frame joiner on one side for joining extra welding curtains together
