### Description

Creamy fluid hand cleanser with unique detergent and softening properties. The washing base is a combination of ingredients, free of solvents and of other substances harmful to the skin, but effective against dirt of any kind. Macro Cream also contains fine micro-spheres of vegetable origin that add strength to the cleansing action. Its pH means it can be used as needed, without causing any reddening of the skin.

**INSTRUCTIONS:** Dispense the product onto your dry hands and rub until the dirt is emulsified, then rinse carefully.

**CHARACTERISTICS:** Dense light tan cream with a fruity-floral fragrance

**RECOMMENDED FOR:**

**GREASY DIRT -** Grease, Oil, Lubricants, Hydrocarbons, Bitumen...

**DRY DIRT -** Fresh Paint, Enamel, Silicone, Rust, Graphite, Glue, Resin...

**APPLICATIONS -** Industrial Workshops or Home
