Lifting (Type):	Pneumatic & Hydraulic
Load Capacity (kg):	454
Overall Length (mm):	2700
Platform Length (mm):	1960
Platform Width (mm):	230
Platform Height - Minimum to Maximum (mm):	190 ~ 800
Nett Weight (kg):	110.5

Description

THe MLN-454 bike lifter is designed much narrower that the conventional lifters allowing better access to your bike when doing maintenance working, as well as it takes up less valuable space in your home garage, shed or workshop.

Features

- Pneumatic or hydraulic foot operated lever action pump to lift platform
- Adjustable swivel guide secures front wheel to assist bike stability
- Removable centre plate to allow oil to drain in container below
- Safety height locking bar to lock into 4 positions
- Ramp can be detached from platform allowing closer access to bike
- 2 x wheels on rear & 2 x front rubber feet to keep bike lifter from moving
- Hand operated release valve dial to lower platform height
- 4 x tie down points front and rear section

Includes

- 2 x tie down straps
