Concentrate Makes (Litre):	50

Description

PARTS WASHER CONCENTRATE - 5L MAKES 50L
Hafco MetalMaster Parts Cleaner is a water-based, safer alternative to solvent based degreaser. It is formulated for cleaning and degreasing engineering and industrial parts and washable surface.

For Engineering and industrial use
Non Toxic
Non Flammable
Non Hazardous
Non Caustic

Direction for Use
Dilute the concentrate with cold or warm water. Apply solution with brush or dip the parts in the immersion wash tank for a few minutes. Brush and scrubbing may be required for difficult shapes and heavy soiled surfaces. Rinse with portable water and dry completely. Rust protection coating is required after washing process for ferrous metals before storage.

Safety Precautions
Keep out of reach of children. Avoid contact with eyes. Do not breathe the fumes/sprays. If swallowed, give water, contact your doctor, refer to material safety data sheet (Brochure.PDF). Contact poisons information centre 131 126

Features

- Dilution Rate:1 to 10
- Adjust the concentration within the suggested range to achieve desired result
