Modular Starter Kit 1200 - MSK12

Suits IWB-12 Work Bench

ORDER CODE:	A416
MODEL:	IBP-12
Type:	Backing Panel
Size:	1133 x 205 x 825mm
Suits:	A415

Description

The Modular Starter Kit 1200 (MSK12) is the ideal starting point for building a custom workshop storage and organisation system. Designed to mount directly to your existing workbench, this kit provides a practical and expandable solution for keeping tools, accessories, and equipment organized and within easy reach.

Please Note: This kit does not include the workbench. It includes the modular components that attach to a compatible workbench.

Features

- Converts your existing workbench into a versatile modular workstation.
- Integrated power strip backing panel keeps power outlets securely mounted and conveniently positioned, allowing easy access for power tools, battery chargers, and other electrical equipment while reducing cable clutter.
- Easy to install onto compatible workbenches
- Heavy-duty steel construction for strength and long-lasting durability.
- Modular design allows additional accessories and storage components to be added as your workshop requirements grow.
- 1200 mm holding shelf provides convenient storage for frequently used tools, parts, and consumables.
- Backing panel rail supports the attachment of compatible modular accessories for improved organization.
- Ideal for workshops, garages, manufacturing facilities, maintenance departments, and industrial environments.
- Simple to install onto compatible modular workbenches.
- The Modular Starter Kit provides the foundation for a fully customizable workstation, helping maximize workspace while keeping frequently used tools and equipment neatly organized and easily accessible.

Includes

- 2 x 1200 mm Vertical Support Posts (MWV12)
- 1 x 1200 mm Power Strip Backing Panel (MWP12)
- 1 x 1200 mm Backing Panel Rail (MWR12)
- 1 x 1200 mm Holding Shelf (MWH12)
