Description

The Modular Starter Kit 1800 (MSK18) is the ideal starting point for building a custom workshop storage and organisation system. Designed to mount directly to your existing workbench, this kit provides a practical and expandable solution for keeping tools, accessories, and equipment organized and within easy reach.

Please Note: This kit does not include the workbench. It includes the modular components that attach to a compatible workbench.

Features

- Converts your existing workbench into a versatile modular workstation.
- Integrated power strip backing panel keeps power outlets securely mounted and conveniently positioned, allowing easy access for power tools, battery chargers, and other electrical equipment while reducing cable clutter.maintenance, and industrial applications.
- Easy to install onto compatible workbenches
- Heavy-duty steel construction for strength and long-lasting durability.
- Modular design allows additional accessories and storage components to be added as your workshop requirements grow.
- 1800 mm holding shelf provides convenient storage for frequently used tools, parts, and consumables.
- Backing panel rail supports the attachment of compatible modular accessories for improved organization.
- Ideal for workshops, garages, manufacturing facilities, maintenance departments, and industrial environments.
- Simple to install onto compatible modular workbenches.
- The Modular Starter Kit provides the foundation for a fully customizable workstation, helping maximize workspace while keeping frequently used tools and equipment neatly organized and easily accessible.

Includes

- 3 x 1800 mm Vertical Support Posts (MWV18)
- 2 x 1800 mm Power Strip Backing Panel (MWP18) One pain panel
- 2 x 1800 mm Backing Panel Rail (MWR18)
- 1 x 1800 mm Holding Shelf (MWH18)
