Description

Keep your workspace organised and efficient with the Workbench Modular Tech Kit. Designed to integrate seamlessly with the Modular Workbench System, this kit provides convenient storage and positioning for essential workspace items. The adjustable monitor holder raises your monitor to a comfortable viewing height, helping to improve ergonomics while freeing up valuable bench space. The label holder keeps important job information, instructions, or identification clearly visible and within easy reach.

Whether you're outfitting a workshop, garage, warehouse, manufacturing facility, or industrial workspace, the Modular Tech Kit helps create a cleaner, more productive workstation.

Features

- Heavy-duty steel construction for long-lasting durability.
- Securely mounts to compatible modular pegboard systems.
- Large 500 x 200mm shelf provides ample storage space for tools, equipment and consumables.
- Frees up valuable workbench space for improved productivity.
- Keeps commonly used items organised and within easy reach.
- Modular design allows easy repositioning as storage requirements change.
- Ideal for workshops, garages, maintenance facilities, warehouses and industrial workstations.
- Powder-coated finish provides excellent corrosion resistance and a professional appearance.
- Quick and easy installation with no permanent modifications to the pegboard system.
