## Description

The Workbench Modular Bottom Shelving 1800 is a heavy-duty under-bench storage solution designed to maximise workspace efficiency by providing convenient storage beneath compatible 1800mm modular workbenches. Featuring two full-width steel shelves, it offers generous storage space for tools, equipment, storage bins and workshop consumables while keeping the work surface organised and clutter-free. Constructed from durable steel with a tough powder-coated finish, the shelving system is built to withstand demanding workshop, garage, warehouse and industrial environments. Designed as part of the Workbench Modular Storage System, it integrates seamlessly with compatible workbenches to create a practical, organised and professional workstation..

## Features

- Heavy-duty steel construction for superior strength and long-lasting durability.
- Designed to fit compatible 1800mm modular workbenches.
- Includes two full-width storage shelves for maximum under-bench storage.
- Maximises unused space beneath the workbench.
- Ideal for storing tools, equipment, parts bins and workshop consumables.
- Keeps the work surface organised and free from clutter.
- Open shelf design provides quick and easy access to stored items.
- Durable powder-coated finish offers excellent corrosion resistance and a professional appearance.
- Suitable for workshops, garages, warehouses, maintenance facilities and industrial workstations.
- Integrates seamlessly with the Workbench Modular Storage System.
- Quick and easy installation onto compatible workbenches

## Includes

- 2 x Workbench Modular Bottom Shelving (MWS18)
