ORDER CODE:	C1776
Load Capacity (kg / Tonne):	600 / 0.6
Plate Thickness (mm):	~
Lifts (Type):	205 Litre Drums
Nett Weight (kg):	10

Description

The Garrick Drum Clamp has been designed to lift and transport steel drums in the vertical position. One clamp can be used to lift drums with or without their lids by gripping the rim of the drum.

Its light weight and small overall design makes it ideal for picking up drums that sit tightly on pallets.

The centre of gravity of the drum is below the lifting point during transportation.
