CBN Grinding Wheel

For Grinding 3-13mm HSS Drill Bits
Suits EDBD-13 Drill Sharpener

On Sale

Ex GST	Inc GST
~~$25.00~~	~~$27.50~~
$21.82	$24.00

ORDER CODE:	D0705
Type:	CBN Wheel
Grinding - Drill Bit Type:	HSS
Sharpening Range (mm):	3 - 13
Suits Grinding Machine:	EDBD-13

Description

What is CBN (Cubic Boron Nitride)? CBN abrasive is a similar product to synthetic industrial diamonds.

CBN is composed of nitrogen and boron as very very hard crystals - second in hardness only to diamond. A single layer of CBN grit on the surface of a metal wheel can grind the hardest steel and last for many years.
Our electroplated CBN grinding wheels are machined from solid steel, electroplated with a layer of CBN grit and nickel plated.

A CBN wheel is far better suited for sharpening high speed steels and will withstand the friction from grinding with much less heat produced than with a diamond wheel.

Features

- CBN wheels retain their shape and size
- Cool cutting- no burnt or blue edges
- Only light pressure required
- Don't require dressing or conditioning
- Fine and even finish to tools
- Very long lasting
