CBN Grinding Wheel - CBN230

78x10mm
12.63mm Bore

On Sale

	Ex GST	Inc GST
	~~$130.00~~	~~$143.00~~
	$108.18	$119.00

ORDER CODE:	D1117
Type:	CBN 230 Wheel
Grinding - Drill Bit Type:	HSS
Sharpening Range (mm):	~
Suits Grinding Machine:	PP-13C

Description

What is CBN (Cubic Boron Nitride)? CBN abrasive is a similar product to synthetic industrial diamonds.

CBN is composed of nitrogen and boron as very very hard crystals - second in hardness only to diamond. A single layer of CBN grit on the surface of a metal wheel can grind the hardest steel and last for many years.
Our electroplated CBN grinding wheels are machined from solid steel, electroplated with a layer of CBN grit and nickel plated.

A CBN wheel is far better suited for sharpening high speed steels and will withstand the friction from grinding with much less heat produced than with a diamond wheel.

Features

- 78 x 10 x 12.63mm (Diameter x Wide x Bore)
- CBN 230 for Carbide
- Suits PP-13C - Precision Drill Sharpener
