CBN Grinding Wheel - CBN200

125x20mm
18.93mm Bore

On Sale

	Ex GST	Inc GST
	~~$220.00~~	~~$242.00~~
	$190.00	$209.00

ORDER CODE:	D1127
Type:	CBN 200 Wheel
Grinding - Drill Bit Type:	HSS
Sharpening Range (mm):	~
Suits Grinding Machine:	PP-26

Description

What is CBN (Cubic Boron Nitride)? CBN abrasive is a similar product to synthetic industrial diamonds.

CBN is composed of nitrogen and boron as very very hard crystals - second in hardness only to diamond. A single layer of CBN grit on the surface of a metal wheel can grind the hardest steel and last for many years.
Our electroplated CBN grinding wheels are machined from solid steel, electroplated with a layer of CBN grit and nickel plated.

A CBN wheel is far better suited for sharpening high speed steels and will withstand the friction from grinding with much less heat produced than with a diamond wheel.

Features

- 125 x 20 x 18.93mm (Diameter x Wide x Bore)
- CBN 200 for Carbide
- Suits PP-26 - Precision Drill Sharpener
