Description

Alcock drill bits are manufactured from M35 grade HSS including 5% cobalt, this high-grade material offers superior drilling performance and durability. Each drill bit features precision-ground flutes and a 135° cutting point angle, which is ideal for drilling in tougher materials while enhancing longevity and performance. The reduced shank design allows heavy-duty drilling using standard Ø1/2" capacity chucks, offering maximum versatility across a wide range of workshop applications.

This professional drill bit kit includes sizes from Ø9/16" to Ø1", all neatly housed in a rugged, organized carry case—making it the perfect addition to any workshop.
