ORDER CODE:	G077
MODEL:	MAOP20
Type:	Oil Transfer Pump
Size:	20 & 25 Litre

Description

The MAOP20 All-Purpose 20L Oil Transfer Pump is designed for dispensing most service fluids including engine, gear, transmission, hydraulic and some engine coolants from 20L - 25L drums. An extendible suction tube and two additional bung adaptors ensure that the expanding range of different size and types of drums are easily catered for. Delivery on the down-stoke makes this pump easy to use especially when the drum is low on fluid. An extra-long clear delivery hose gives easy identification of the fluid type and allows better reach into difficult areas.

Suitable for oils up to SAE140 / ISO680 viscosity
Used for engine, gear, transmission, hydraulic oils and pre-mixed engine coolants
Delivers up to 75ml per stroke, viscosity dependant
Suits between 20L - 25L drums via suction tube extender
Check Valve ensures pump is almost always primed

For Warranty Terms and Conditions - click here

Features

- Easy to Prime Pump - In-built check-valve ensures pump is always ready to use
- Drain-Back Facility - Guards against siphoning and spillage
- Anti-Kink Spring - Ensures the delivery hose always has full flow opportunity even in tight situations
- Additional Bung Adaptors - Covers a wider range of drum types than most other brands
- Suction Tube Extender - Ensures different height and shape drums are catered for
- Two Year Warranty - With 12 months on normal wear items such as hoses and seals
- 1.8m Clear Delivery Hose - Easy identification of fluid being dispensed

Includes

- 20L Oil Drum Pump with suction tube extender
- 1.8m delivery hose with anti-kink spring and nozzle
- Two additional bung adaptors to fit standard drum bung
