## Description

The High Quality RETRACTA AW2101 Air Hose Reel is a premium quality, strong, reliable reel, constructed using UV stabilised polypropylene, heavy duty rewind spring, quality swivel assembly, 10mm x 20m hose assembly and is supplied complete with mounting bracket and carry handle. Fitted with a positive spring latch mechanism the hose can be latched every half metre. The reel is supplied complete with a steel mounting bracket which allows the reel to pivot 270 degrees and a locking plate to be fixed into a set position if required. The corrosion and weather resistant construction makes Retracta reels the ideal choice for both indoor and outdoor use. The spring rewind mechanism is factory lubricated and sealed for trouble free operation and can be easily re-tensioned externally without removing the reel casing.
