Number of Straps (No.):	1

Description

The Garrick QUICK LOAD Ratchet Tie Down System sets a new benchmark in the tie-down industry with its patented side-loading axle.

This innovative design allows the webbing to slide directly through the QUICK LOAD axle, eliminating the need for traditional feeding methods. The result is a faster, more efficient way to secure loads, saving both time and effort.

With this breakthrough system, loading and unloading are up to 4X faster, delivering unmatched convenience and reliability

Features

- Patented side-loading QUICKLOAD axle for faster, easier use
- Up to 4x faster loading and unloading compared to standard ratchets
- High-strength webbing construction built for durability
- Complies with AS/NZS 4380 load restraint standards
- Suitable for trucks, trailers, industrial and trade applications
- Robust hardware with heavy-duty hooks and ratchet mechanism for long service life

Includes

- Includes a sewn-in Velcro strap to secure excess webbing
