Description

Plier Operated Cleco Fasteners, also known as Clecos or skin pins, are innovative and versatile tools used extensively in industries like aviation, automotive, sheet metal fabrication, and construction for temporary fastening. These fasteners play a crucial role in securely holding multiple sheets of material together, ensuring precise alignment before permanent joining processes such as welding, bonding, or riveting. With their user-friendly design and efficient operation, Plier Operated Cleco Fasteners have become an indispensable part of the toolkit for professionals seeking reliable and consistent temporary fastening solutions.

Features

- Cleco Fasteners 1/8" (Hole Size)
- Supplied in packet of 25
