Voltage / Amperage (V / amp):	240 / 15
Floor Space (W x D x H) (mm):	1700 x 850 x 1080
Nett Weight (kg):	350

Description

You don't have to choose between buying a planer or a thicknesser – with the PT-300 you can have the best of both worlds in one. Hafco Woodmaster has designed a machine that's user friendly changeover between planing and thicknessing functions. This versatile machine features an extra heavy duty cast aluminium extruded fence with centred controls for quick adjustments, a built-in dust chute capable of handling both operations and this package now includes the MA-300 mortice attachment.

The surfacing tables are cast iron, 1510mm long and precision planed to ensure the most accurate results. The four HSS blade cutter block is powered by a powerful 2.25kW 240V motor that can handle the toughest timbers that results in a superior finish every time

Features

- PT-300 - Planer & Thicknesser Combination
- Heavy-duty 2.25kW / 3hp 240V motor
