## Automotive Lifting Garage Package Deal - ALP-1

Includes 1T Engine Crane, 450kg Engine Stand, 2T Trolley Jack, 3T Axle Stands & Creeper Trolley

ORDER CODE:	K096
MODEL:	ALP-1
Type:	Garage Package
Engine Crane Capacity (Tonne):	1
Engine Crane Operation (Type):	Hydraulic
Engine Stand Capacity (kg):	450
Trolley Jack Capacity (Tonne):	2
Axle Stand Capacity - Each (Tonne):	3
Mechanics Creeper Capacity (kg):	136
Nett Weight (kg):	200

### Features

- HC-1T - Hydraulic Engine Crane:
  - This engine crane has a 8 tonne long stroke lifting ram and single acting pump with a maximum load capacity of 1000kg. It quickly folds up designed to save space in the workshop. Very simple to use manual hydraulic operation via a single acting pump equipped with automatic safety valve to control the lowering speed. The jib extends to the desired lifting capacity of 250kg, 500kg, 750kg or 1000kg secured by a single locking pin. Mounted on 6 swivel caster wheels for excellent manoeuvrability around the workshop. The lifting range is 0-2300mm so an engine can be lifted clear out of the engine bay with little effort. With great stability of its wide legs, this crane can also be used to lift machines or other heavy items, making for an excellent piece of equipment for the workshop or warehouse.
  - Ideal for automotive, light engineering and general workshop
  - Adjustable boom in four positions for lifting
  - Outrigger legs easily folded up for transport or storage
  - Six cast steel swivel caster wheels allow easy mobility
  - Single action piston on hydraulic 8 tonne lifting ram
  - T-bar handle with grips on rear of hoist allows greater manoeuvrability control
  - Supplied with a short lifting chain & hook with safety latch
  - Tested to 2 Tonne
- ESS-450 - Engine Stand:
  - Sturdy design prevents these engine stands from tipping while holding the block. Two swivel casters allow you to move and position engine exactly where you need it. Four adjustable arms and 360° rotation for easy mount
  - Steel frame construction
  - Four caster wheels, with the front two swivelling
  - 450kg capacity
  - Engine mounting indexing position lock
  - 790mm mounting centre height
- ARMM800QL - Professional Hydraulic Trolley Jack - Steel:
  - Professional Premium Quality Trolley Jack Suitable for professional user where performance and safety is paramount
  - Tested to Australian standards capacity from 2000kg
  - Rear casters for ease of maneuverability
  - Heavy duty casters and wheels for long service life
  - Rubber covered handle to protect bodywork
  - Fast "quick lift" two piston pump action no load lift - 5 to 6 pumps for maximum height
  - Universal joint release control for greater control over lowering speed
  - Raised height 470mm

## Product Brochure For K096

- 695mm overall length
- 345mm rear width
- 257mm front width
- 165mm chassis height
- ARMAS3000R - Professional Vehicle Axle Stands:
