WOODFAST

Description

We for many years have been working in close consultation with the education departments to ensure the most suitable equipment is provided to our schools and TAFE, not only does it comply with the departments stringent safety requirements but is built to last the distance. That's why we consider our company to be a specialist when it comes to supplying quality Wood Work and Metal Working Machinery for Public or Private Schools, TAFE Colleges and Trade Training Centres in all states of Australia.

This is a newly designed Thicknesser with a very useful capacity of 407 x 225mm but able to take work pieces down to 6mm thick and only 200mm long all in a compact design. Woodfast have manufactured this machine with and adequate powered by a 2.25kW / 3hp industrial quality motor able to produce a very high quality finish due to the speed of the knife block and the variable speed feed rate system enabling 5-7m/min feed speeds. The large cast iron thickening table features a central column with a locking mechanism to prevent any movement. This is a very valuable machine to have in any workshop.
