HAFCO METALMASTER · Supplier under Education Arrangement 2025 · 1 YEAR WARRANTY · 10A PLUG 240V

## Description

The Hafco Metalmaster BF-10 Buffing Machine, manufactured in Taiwan, is a robust and reliable piece of equipment designed for industrial use. With a heavy cast iron frame, a powerful 1HP motor, and 225mm buffing mops, this machine is built to handle the most demanding polishing and buffing tasks. It also features heavy-duty guards with dust chutes, ensuring safe operation and efficient dust management.

## Features

- High quality robust construction, manufactured in Taiwan
- 1HP high powered motor rated at it's true output power
- Fully balanced motor providing smooth operation
- Non Voltage Return (NVR) safety switch, which stops machine from re-starting during workshop power failures
- Emergency stop switch
- Capacitor start and run provides instant startup and running power
- Overload protection
- Heavy duty guards with dust chutes
- Tapered buff spindles
- Ø225 x 25mm buffing wheels

## Optional Accessories

- (G182) - GS-200 - Bench Grinder Stand
