Mobile Welding Fume Filter - Twin Arm - Clear Air

Dual Stage HEPA Filter System
 High Volume 2600 m3/h Air Flow

Please Call

ORDER CODE:	K8882
NSW Contract No.:	~
QLD DOE Item No.:	~
MODEL:	Clear Air D-H13
Extraction Arm/Hose Length (Metre):	3 x 2 Arms
Extraction Arm Diameter (mm):	160
Air Flow (m3/h):	2600
Filtering Area (m2):	46
Filter Type:	HEPA H13
Voltage / Amperage (V / A):	415
Motor Power (W):	2200
Nett Weight (kg):	180

METALMASTER

Description

METALMASTER ClearAir mobile welding fume filter unit is a compact fume extraction and filtering unit designed for efficiently filtering of welding fumes.

Integrated spark separators and first stage metal pre-filters minimise the fire risk during the welding processes.

The air that is output from the unit has been filtered through HEPA H13 Class filters compliant with EN1822:2019 and ISO 29463 standards, so it is fully respirable clear air. (99.95% dust separation for 0.1~0.2 micron particles)

The unit can be used for Mig, Tig & Arc welding on all materials that produce intense fumes and minor dust during the process.

The unit is supplied complete with 2 x CleanAir Exo-Joint high velocity fume extraction arm ensuring the highest airflow efficiency with low drag characteristics. The CleanAir Exo-Joint arm is up to 56% more efficient than an arm with a pleated hose and internal support.

Features

- Dual stage filtering
- High volume 2600 m3/h air filtering capacity
- HEPA H13 filtration providing respirable clear air back into the working environment (99.95% dust separation for 0.1~0.2 micron particles)
- 2 x 3 metre arms with exclusive Exo-Joint High velocity extraction arm (160mm Diameter)
- Contamination free filter changing from clean air side
- Silent operation - less than 76dBA
- Compact design, space saving solution
- Dirty filter warning light
- Inlet Spark arrestor
- Fully mobile for flexible usage
- 415V 10amp power

Includes

- HEPA H13 Class Filter
- Metal Pre Filter

Optional Accessories

- Replacement HEPA H13 Filter (W2713)
- Replacement Metal Pre Filter (W2714)
