1 YEAR WARRANTY

Description

Intelligent Sheet Separating
Avoid loading stuck sheets in a single loading as processing.

High-strength Linear Structure
The loading layout uses the linear structure with stronger rigidity and better loading capacity, which loads a maximum of 20mm thickness for a single sheet.

Flexible Loading Size
The size and type of the loading sheets are flexible and various.

Safety Interlock
The safety interlock prevents operations from irreversible accident in safety.

Note:
Please contact us so we can help you choose from a range of models tailored to your requirements
