Description

The PN-76HD Pipe & Tube Notcher / Linisher is designed primarily for notching of tube & pipe with the added versatility that's ideal for deburring & linishing all types of steels. At the notching station, the swivel vice allows to notch your steel at any angle between 90 to 30 degrees & with the quick-change tension system you can quickly change the diameter of the front roller to suit the diameter of the notch you require. The heavy-duty base has storage for the 7 sets of notching rollers to keep them within easy reach saving you time when changing between sizes & with a powerful 3Kw 415v motor it will remove material quickly & easily.

Features

- Ø20-76mm OD tube notching capacity
- 1/2" - 2-1/2" NB pipe notching capacity
