MULTI-PURPOSE 2.8MM 10P/C

ORDER CODE:	M0031
Model:	HM500
Marker (Type):	& Pencil
Marker / Refills (Qty):	10

Description

The HAFCO HR500 Graphite Marker Refills are designed as replacement leads for the HAFCO HM500 Graphite Marker. Featuring durable 2.8mm HB leads, the refills provide clear and consistent marking for a wide range of trade, construction, workshop and DIY applications.

The pack contains 10 replacement leads in assorted colours, providing flexibility for different marking requirements and helping keep your HAFCO graphite marker ready for use.

Ideal for replacing worn or used leads, the HR500 refill pack is a convenient and economical way to extend the working life of your HAFCO HM500 Graphite Marker.
