Description

Alcock counterbore drills are manufactured from M35 grade HSS including 5% cobalt , this high-grade material offers superior drilling performance and durability. Each drill includes a Titanium Aluminium Nitride (TiAlN) coating to help improve the performance & longevity of the drill.

The Alcock counterbores are used when a fastener is required to sit flush with or below the level of a workpiece's surface.

Features

- Industrial quality M35 Grade HSS including 5% Cobalt
- Precision ground
- TiAlN coating
- Plain shank
- 6pc set
