Description

SpillFix LIQUID SPILL MANAGEMENT - Organic Floor Sweep:
An eco-friendly, fast acting, high absorbency coir formula for safe and efficient cleanup of oil & fuel spills.

Hydrocarbon spills such as oil and fuel can be environmentally hazardous, leaching into and through soils to waterways. The industry is responsible for proper management of oil & fuel spills, including speedy immobilization and disposal that will not result in spills leaching into landfills.

SpillFix Organic Floor Sweep immediately absorbs hydrocarbons on contact. Our Floor Sweep is made from 100% organic coir, which has a natural preference for oil and can absorb and hold up to eight times its own weight in liquid. All natural & eco-friendly, fast acting & highly absorbent, SpillFix Organic Floor Sweep is an ideal solution for safe, efficient cleanup of oil & fuel spills.

Applications
- Lube Bays - Manufacturing Facilities - Heavy Industry - Universities - Mining Sites - Service Units - Accident Response Units - Waste Collection Sites - Loading Docks - Storage Warehouses - Transport and Shipping

Features

- Highly absorbent
- Fast acting - absorbs 90% capacity in under 10 minutes
- Lightweight, can be easily spread about
- Versatile & effective for all types of hydrocarbons spills
- Preference for oil to water
- Natural, inert material made from a renewable resource
- Eco-friendly, workplace safe
- Contains no harmful dust or chemicals
- Biodegradable - can be composted
- Meets EPA landfill leachate standards for hydorcarbons C10 to C36
- Minimises risk of environmental spill leaching
