PUREGAS

Description

Never pay rent again, saving you time and money!

The main industrial application for oxygen is combustion efficiency. When combined with a fuel gas it will produce a higher flame temperature.

It is used in conjunction with acetylene and LPG for brazing, glass blowing and cutting. Also used with acetylene only for welding.

Please Note: This oxygen bottle is pick up only, can not be freighted on couriers

Features

- Refillable Oxygen bottle
- Size "E"

- Bring in your empty "Puregas" cylinder size E or D and exchange it for a full one in same size - only pay for the oxygen.
- We offer exchange Oxygen E Size refill bottles @ $140 inc GST "For Puregas Cylinders Only"
