Description

The HPW-150 Adjustable C-Hook & Pin Wrench Set is a versatile tool set designed for adjusting, loosening, and tightening locknuts, bearings, collars, and other slotted fasteners across a wide range of diameters. Manufactured from durable CR-V chrome vanadium steel with a corrosion-resistant chrome finish, the set is built for strength and long service life. The four wrenches feature hinged jaws and interchangeable hook and pin adaptors, allowing the tool to easily adjust to different sizes and applications. With multiple C-hook and pin adaptor sizes included, this set provides a practical solution for maintenance, workshop, and industrial tasks requiring flexible spanner adjustment.
