Description

The Sunrise Punching Machines are manufactured in Taiwan, also known as Ironworkers are well recognised in our Australian market for the machines being reliable & durable due to their structurally well manufactured unique design & engineering excellence. Sunrise is ISO-9001 certified by BVQI, and our products meet the CE safety requirements and regulations. Sunrise relentlessly seeks continuous improvement and product development to keep a step ahead of their competitors.

Special designed hydraulic cylinder enables the machine to retract faster, also the cylinder is slimmer, which has a better aesthetic appearance to the looks of the machine.
Punching capacities range from 35 to 200 tonnes, and are available with different throat depths to meet your different requirements.

Please Note: All optional tooling used on the punching station of S/SD Punch & Shear machine can also be utilised for range of PM Punching models.
