Description

Swap out your torch and start plotting in seconds. The centering clamp accepts most 9?14?mm markers, follows the exact G?code you'll cut, and auto?levels for uneven plate.

Lay it out once, cut it right the first time

Features

- Adjustable design, suits a variety of marker pens
- Supplied with quick action holder to mount directly on to arcdroid
- * May require free firmware update

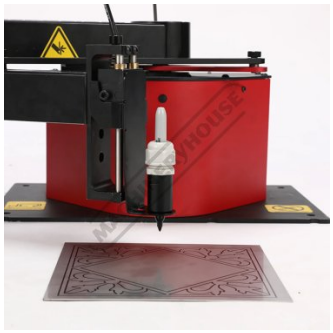

Includes

- Kit includes:
- Marker Holder
- "Marker mode" dongle—ArcDroid switches profiles automatically
- 1 permanent marker to get you drawing right away
