Plastic Rod - Oilamid

Ø20 x 330mm

Yellow colour

ORDER CODE:	P964
Material:	Oilamid
Colour:	Yellow
Size (Diameter x Length) (mm):	Ø20 x 330

Description

PA 6 G Nylon + Oil. Specialised material for sliding applications with enhanced self lubrication. Through the addition of oil and solid lubricants, Oilamid offers superior properties, higher load capacity and improved mechanical properties when compared to other nylon grades.

Applications examples include:

- High duty bushes
- Split bushes
- Chain wheels, gear wheels & guides
- Guide rails
