Swivel Head Wood Lathe - DML36SH-CAM

Ø230mm Swing x 914mm Between Centres

ORDER CODE:	R800
MODEL:	DML36SH-CAM
Swing Over Bed (mm):	230mm
Between Centres (mm):	914mm
Spindle Nose Thread:	3/4" x 16TPI
Spindle Nose Taper (MT):	1
Spindle Speeds (rpm):	450, 950, 1500, 2000rpm
Tailstock Taper (MT):	1
Motor Power (kW / hp):	0.25 / 0.33hp
Voltage / Amperage (V / amp):	240 / 10
Floor Space (W x D x H) (mm):	1480 x 520 x 340mm
Floor Space With Option Stand (W x D x H) (mm):	1480 x 700 x 1140mm
Nett Weight (kg):	35kg

Description

Record Power DML36SH-CAM Swivel Head Wood Lathe

This machine is ideally suited to the ambitious beginner or more serious turner on a restricted budget. The current model features 4 speeds and cam lock handles on both the banjo and tailstock for ease of use. The tubular steel bed bars, sealed for life bearings and heavyweight cast construction provide a rigid base for turning. Simple to operate and low in maintenance, this lathe is perfect either for the starter who wants a machine that will grow with their skills, or as an upgrade to some of the poorer quality cheap imports.

Features

- Headstock - There is a solid cast iron support for the headstock spindle assembly and the generous span between bearings will minimise strain on the spindle
- Tailstock - Heavy duty tailstock within a cast iron construction gives stability and support to the workpiece. It is hollow to enable easy ejection of centres and allow for long hole boring and also features easy to use cam locks
- Cam Action Banjo - Strong cast banjo easy for repositioning one handed and locks with a cam
- Capacities - When the headstock is swivelled and the optional DML-BR bowl rest is used, the capacity is increased to 305mm (12"). With 914mm (36") between centres, this lathe offers large capacities for an intermediate machine

Includes

- Drive centre
- Dead centre

Optional Accessories

- DML/24S Tubular Leg Stand (R8110)
- DML-BR Bowl Rest (R8111)
- CWA180 Tubular Curved Tool Rest for Bowl Turning (R8114)
- CLO/K 5" Tool Rest (R8112)
- CLO/J-CAM 10" Tool Rest (R8113)
- CWA170 3/4" x 16TPI Thread Protector (R8157)
