Compact Drill Stand - DS19

Suits Hand Power Drills

ORDER CODE:	R9526
MODEL:	DS19
Drilling Stroke (mm):	67
Throat Depth (mm):	125
Holding Collar (mm):	43
Nett Weight (kg):	7.6

Description

The Record Power DS19 offers a premium quality entry-level drill stand.
The most important part of any drill stand is the rise and fall mechanism.
Many machines have inferior systems. However, the DS19 features a precision manufactured rack and pinion rise and fall, with a solid precision ground column to provide steady, smooth and accurate movement.

Features

- Headstock - The headstock is cast aluminium with a 43mm collar to accept most hand held drills and some small routers. For milling work with a router the head can be tilted to increase functionality.
- Rack & Pinion - Precision manufactured rack and pinion rise and fall, with a solid precision ground solid steel column to provide steady, smooth and accurate movement.
- Cast Iron Base - Solid cast iron base with built in locating slots to allow for a vice to be securely and accurately held in place.
