900mm (36")

ORDER CODE:	R9717
MODEL:	RPC-S/36
Type:	Sash Clamp
Size (mm / inch):	900 / 36
Clamping Force (Tonne):	3/4

Description

Record Power RPC-S/36 sash clamps. These are heavy duty bar clamps with solid steel bar sections – ideal for a wide variety of clamping tasks. The clamp-heads and slides are cast from steel to provide ultimate strength and the lead screw has a rolled thread for strength and speed with a smooth action. The slide is held in position by a solid steel pin which passes through the locating holes along the bar and both the slide and the clamp-head have a flat back so they can rest unsupported on a workbench or floor.
