Work top Size (mm):	1540 x 500
Dimensions (L x W x H) (mm):	1700 x 650 x 840
Nett Weight (kg):	77

Description

The Record Power WB-PRO17 workbench is made from block laminated beech, equipped with heavy duty top and two substantial, high quality wooden vices with central screw and twin support bars. The top is a substantial 30mm thick with 20 dog holes, providing plenty of flexibility to accommodate a wide range of timber sizes. The bench is supplied with four circular profile dogs, the rotating heads of which feature a partially flattened area to ensure excellent registration of the work-piece. Integral to the stems of the dogs are fully adjustable sprung bearings, meaning a tight fit in the dog holes is always possible. It comes complete with cupboard and drawer units, providing plenty of storage to help keep the workshop tidy. This module is much more heavily built than similarly priced rivals and offers exceptional value for money.

Unlike much of the competition to this bench, its legs are also made from beech, rather than pine, to provide extremely solid foundations.

Features

- Superior Vice Support - High quality vice with substantial central screw and support bars
- Strong Vice Mount - The vice is secured with a solid cast iron mount for superior rigidity - far heavier than other benches at these prices
- Deep Work Top - Thickness of the work top is an impressive market-leading 30mm* and is made from knot-free laminated Beech for strength, rigidity and durability. A generous 90mm apron protects the table edges. *30 mm is un-sanded thickness. Final version may vary
- Heavy Duty Bench Dogs - Substantial steel bench dogs, with sprung bearings for extra hold, will give years of reliable service
- High Quality Work Top - Knot free, close grained Beech provides an exceptional strong and sturdy working surface
- Plenty of Storage - Includes a shelf and cupboard unit
- Solid Foundation - Unlike many rivals at this price the legs are also made from laminated Beech and generously proportioned for strength, rigidity and longevity

Includes

- WB-DOG/A Pair of Short Bench Dogs for Premium Workbenches
- WB-DOG/B Pair of Long Bench Dogs for Premium Workbenches
