ORDER CODE:	S2245
MODEL:	EWBT-40
Mild Steel - Capacity (mm / Gauge):	1.0
Aluminium - Capacity (mm / Gauge):	~
Copper - Capacity (mm / Gauge):	~
Throat Capacity (mm):	400
Upper Wheel (Ø x W mm):	Ø145 x 25.4
Lower Anvils - Radius (mm):	24.5mm Wide- & 12.7, 25.4, 38.1, 63.5, 127, 228.6, 304.8
Working Height (mm):	~
Nett Weight (kg):	34

Description

The new Metalmaster EWBT-40 is the perfect addition to any metal shaper's workshop, ideal for small or narrow jobs where a larger English wheel can't reach right to the edge. Built with 8 mm thick steel side frames, it's a solid and reliable performer.

The frame can be bench-mounted using the base feet or clamped in a vice, giving you the flexibility to set it up quickly and store it away when not in use. With a 400 mm throat, it provides ample working room while remaining compact and easy to handle. Capable of shaping mild steel up to 1.0 mm (20 gauge), it's a versatile machine that punches above its weight.

The upper wheel and seven lower anvils are hardened to 45–50 HRC, ensuring durability and a long service life. A standout feature of this model is the pivoting wheels, which rotate 90° to sit parallel with the frame—making it much easier to handle longer projects.

Features

- 400mm throat depth
- Heavy duty 8mm thick plate steel side plates
- Heavy steel frame spacer at the base for vice mounting
- 1.0mm mild steel capacity
- Upper wheel Ø146 x 25.4mm wide
- Wheels pivot 90° to align parallel with the frame, providing easier handling for extended projects.
- Wheel & anvils hardened to 45-50HRC

Includes

- 7 lower anvils (all 24.5mm wide) in the following radius:
- 12.7mm (1/2")
- 25.4mm (1")
- 38.1mm (1-1/2")
- 63.5mm (2-1/2")
- 127.0mm (5")
- 228.6mm (9")
- 304.8mm (12")
