Description

This Package Deal SB-200 Sandblast Cabinet + 25kg Bag 30-60 Medium Garnet is of a compact design for home workshop or garage applications. This heavy duty powder coated unit has a fully sealed side door entry allowing larger jobs to be placed into the cabinet without any obstruction and uses a secure single lock latch system, the hopper below stores and re-circulates the blast medium.

Its uses are many and varied from blasting rust, paint, dirt and any other foreign material from your current project to etching work (e.g. glass) with the use of the correct blast medium. This cabinet is supplied with a LED work light, protective gloves, blast gun, replacement protective screens and an assortment of ceramic tips. It also has provision to connect a dust extraction system via the side vent when heavy sandblasting is required.

Features

- Heavy-duty steel cabinet, includes stand and hopper
- Acrylic protective screen with replaceable shield
- Powder coated steel construction
- Internal LED lighting system
- Complete with gloves, gun & ceramic tips
- Recommended to be used with an optional dust collector system
- Recommended to use 2 x 25kg abrasive grit
- Please Note:
 - It is advisable to use an appropriate silastic sealant upon assembling cabinet
 - Regular maintenance to clean dust collector filter bag is required

Includes

- SB-200 Sandblast Cabinet (S289)
- 30-60 Garnet, Medium Grit - 25kg Bag (S296)
