MODEL:	HWSC-2
Type:	Storage System
Series:	Workshop Series
Drawers (No.):	
Overall Dimensions (W x D x H) (mm):	915 x 612 x 2000mm
Nett Weight (kg):	94.3

Description

Workshop Series 2M Double Door Tall Storage Cabinet

The Workshop Series 2M Double Door Tall Storage Cabinet is a versatile and space-efficient storage solution designed for garages, workshops, sheds and home storage areas. With its slim 915mm width and 2M height, it provides generous vertical storage while making efficient use of available floor space.

Constructed from durable powder-coated steel, the cabinet features a secure lockable single door and four adjustable shelves, allowing you to customise the internal storage configuration to suit tools, equipment, workshop supplies and other items.

The cabinet can be used as a standalone storage solution or combined with the HAFCO Workshop Series HWSS-1, HWSS-2 and HWSS-3 storage systems to create your own customised system. Build your setup around your available space and storage requirements by combining different cabinets and modules.

Features

- Colour : Grey
- 2M tall design maximises vertical storage while minimising floor space
- Four adjustable shelves provide flexible and customisable storage
- Secure lockable single door with key locking system
- Double lockable door helps keep tools and equipment secure
- Heavy-duty powder-coated steel construction for durability and long-term use
- 915mm wide footprint makes it ideal for smaller or restricted spaces
- Freestanding design allows the cabinet to be positioned where required
- Modular system compatible with the HAFCO HWSS-1, HWSS-2 and HWSS-3 storage systems
- Create your own customised storage setup by combining multiple modular components
- Ideal for garages, workshops, sheds, trade environments and home storage
- Suitable for storing tools, equipment, parts, supplies and household items
- Ships flat-packed for easier transportation and handling

Optional Accessories

- T6500 (HGSS-1)
- T6502 (HGSS-2)
- T6504 (HGSS-3)
