Description

This kit incorporates a heavy-duty bench top & kick boards to convert our modular cabinets into a professional workstation that can take pride of place in any professional workshop.

The bench top is a heavy duty 40mm thick laminated MDF bench top with an 2mm high density oil resistant surface for the most demanding industrial applications. Finished with a square PVC edge to withstand years of punishment. With a width of 1700mm & a depth of 653mm the bench top is designed to match any 3 sets of our modular cabinets with the underside of the bench top is pre-installed with nut-inserts to easily attach any of our modular cabinets.

The kit includes 3 sets of steel kick board cabinet bases, each with adjustable levelling feet for levelling on uneven workshop floors. The kickboards are designed with an ergonomic recessed “toe kick” for a safer & more comfortable use. By removing one of the kick boards & with the addition of the optional ITC-WK1 Cabinet Trolley Kit for the ultimate workstation & storage system.

Features

- 40mm high quality laminated MDF Bench Top with a 500kg load capacity
- 2mm high density laminate top surface is resistant to alkali and oil
- Bench top square edges hard PVC edge for flush finish with the cabinets
- Separate steel kick board bases for each cabinet with adjustable feet for leveling on uneven floor surfaces
- Ergonomic designed recessed “Toe Kick”

Includes

- Bench Top 1700 X 653 X 40mm
- 3 sets of 565 x 603 x 110mm Kick Boards
