Imperial Size Range (inch):	3/16" - 15/32"

Description

Fast, controlled tapping made easy. This M5–M12 T-Handle Ratchet Tap Wrench is designed for precision threading in tight or hard-to-reach areas. The ratcheting mechanism allows quicker operation without constantly repositioning, while the T-handle design gives you the leverage and control needed for clean, accurate threads every time. Featuring a 300mm length for added reach and usability, it's built from durable steel and suited to workshop, automotive and general maintenance applications.

Features

- Forward, Lock & Reverse ratchet for smooth, controlled operation
- Ratcheting action speeds up tapping and reduces effort
- T-handle design provides increased leverage and control
- Slim neck design reaches confined and awkward areas
- Suits taps, reamers, screw extractors and square shank tools
- 300mm length for added reach and usability
- Compatible with M5–M12 taps
- Suits DIN 10 and DIN 352 taps
