Charging Cable Type (metre):	1.5m - USB Type-C
Colour Temperature (K):	3000-4000-6500
Nett Weight (kg):	0.40

Description

Upgrade your workspace lighting with the HAFCO Motion Sensor LED Light Magnetic Strip Series- a sleek, rechargeable lighting solution designed for workshops, garages, cabinets, toolboxes and storage areas. Featuring motion sensor activation, magnetic mounting and adjustable colour temperatures, the HAFCO LED Light Strip delivers bright, hands-free illumination exactly where you need it.

Designed with a slim low-profile body and powerful magnetic mounting system, installation is quick and hassle-free with no wiring required. The integrated motion sensor automatically activates the light when movement is detected and switches off after 20 seconds to help conserve battery life.

Perfect for professional workshops, home garages, under shelving, cupboards, utility vehicles and workbenches.

Features

- Motion Sensor Technology-Automatically switches on when movement is detected within range for convenient hands-free lighting.
- Rechargeable USB-C Charging-Easy USB-C charging with rechargeable lithium battery for cordless operation.
- Magnetic Mounting System-Strong magnetic backing with adhesive metal mounting plates included for fast installation on nonmetal surfaces.
- Adjustable Colour Temperatures-3000K Warm White, 4000K Natural White, 6500K Cool White
- Ultra Slim Design-Modern low-profile housing ideal for tight spaces and discreet installations.
- Multiple Operating Modes-Always on Mode, Day Motion Sensor Mode, Night Motion Sensor Mode, Off Mode
- Automatic Shut-Off-automatically powers off after approximately 20 seconds without movement to maximise battery efficiency.

Includes

- x1 Light strip 40cm
- x4 Iron sheets
- x1 Type-c cable 1.5m
