Description

Precision laser cut from 5mm steel this self-weld welding table has been designed with 50mm high inter-locking solid steel ribs to ensure the table surface remains flat during & after assembly. Complete with 16mm laser cut holes with an industry standard 50 x 50mm grid pattern making it the perfect solution for both welding and clamping applications.
Supplied standard with powder coated 50mm square tube steel legs complete with adjustable leveling feet ensuring a stable working surface, along with this we also supply caster wheel mounting plates for your convenience, simply cut the legs to match your desired working height, weld on the caster mounting plates & bolt on optional caster wheels to make your welding table a mobile welding station.
NOTE - THIS ITEM COMES FLAT PACKED & REQUIRES ASSEMBLY & WELDING. Additional equipment including a welder is required for assembly, please review our construction guide via our downloads for a list of the required items
