ORDER CODE:	W652
MODEL:	WSG-250VS
Grinder Stone (Ø x W) (mm):	Ø250 x 50
Stone Grit:	K220
Leather Honing Wheel (Ø x W) (mm):	Ø200 x 30
Grinding Stone Speed (rpm):	90~160
Motor Power (W):	150
Motor Voltage / Pug Amperage (V / A):	240 / 10
Dimensions (W x D x H) (mm):	425 x 320 x 400
Nett Weight (kg):	14

Description

The HAFCO WOODMASTER WSG-250VS Wetstone Grinder is a robust, variable-speed sharpening system designed for controlled and accurate sharpening of knives, chisels, woodworking tools and a wide range of general-purpose cutting tools.

Variable speed control from 90–160rpm provides greater control over the sharpening process, while forward and reverse rotation offers flexibility for different tools and sharpening techniques.

Built with a heavy-duty steel construction for increased stability and durability, the WSG-250VS features a large Ø250 x 50mm K220 wet grinding stone that runs through a water reservoir to help minimise heat build-up and protect the hardness of the cutting edge during sharpening. On the opposite side, a large Ø200 x 30mm leather honing wheel is used with honing paste to remove fine burrs, polish the cutting edge and produce a smooth, refined finish.

With its adjustable universal support, supplied sharpening accessories and extensive range of optional jigs, the WSG-250VS provides a versatile sharpening and honing solution for woodworking, maintenance and general workshop applications.

Features

- Heavy-duty steel construction provides excellent strength and stability
- Variable speed control from 90–160rpm to suit different sharpening applications
- Large Ø250 x 50mm K220 wet grinding stone for controlled sharpening
- Water-cooled grinding system helps minimise heat build-up and protect cutting-edge hardness
- Large Ø200 x 30mm leather honing wheel for deburring, polishing and refining the cutting edge
- Forward and reverse rotation for greater sharpening versatility
- Adjustable universal support provides a stable platform for controlled and repeatable sharpening
- Ideal for sharpening knives, chisels, woodworking tools, mower blades and general-purpose cutting tools
- Integrated carry handle for convenient movement and positioning

Includes

- Ø250 x 50mm K220 grit grinding stone
- Ø200 x 30mm leather honing wheel
- Universal support bar
- Grinding jig for straight-edged tools
- Angle guide for setting sharpening angles
- Water reservoir
- Honing Paste
