Description

Whether stationary or mobile: the Plana 3.0 is the most efficient and cost effective planer & thicknesser available for the professional user, serious home wood workers and educational workshops.

Sheppach's unique patented feed and cutting system, which ensures the best possible finish irrespective of the timbers used. Feed roller indentation marks are totally eliminated and the moderately set feed speed of 5m/min combined with 13,000 cuts per minute.

These special features are enhanced by superb power and stability.

Cast iron tables and powerful motor supply add to the outstanding performance of this robust classic machine.
Adjustment of the thickness table height can be set to within 1/10th mm allowing for a "super-fine" final finish. Perfect when you are working on wild grain timbers!
Whether you are looking for the best working capacity combined with best quality finish or economical price, you get it all with the new Sheppach Plana 3.0
