Dust Collector 50 Litre - HA-1000

109cfm - HPLV System

LOW STOCK, CALL FOR AVAILABILITY.

ORDER CODE:	W885
MODEL:	HA-1000
Type:	Dust Collector
Airflow (CFM):	109
LPHV - Low Pressure High Volume (Yes / No):	No
HPLV - High Pressure Low Volume (Yes / No):	Yes
Filtration (Microns):	~
Inlets / Diameter (No. / mm):	1 x Ø100
Outlets / Diameter (No. / mm):	~
Motor Power (kW / hp):	1.1 / 1.5
Voltage (V / amp):	240 / 10
Floor Space (W x D x H) (mm):	350 x 350 x 650
Nett Weight (kg):	14

Description

The HA-1000 makes a great addition to the home workshop.

When it comes to suction power the HA-1000 surpasses all conventional centrifugal extractors in spite of being the smallest and most cost-efficient unit in our range. Also its compact design makes it easily portable and ideal were space is limited.

HPLV = High Pressure Low Volume System: HPLV extractors operate more like a standard vacuum cleaner as high pressure is increased or maintained when the inlet diameter is restricted or reduced. This extractor features a powerful 1100W through – flow motor design drawing dust & wood chips into a large Steel canister storage drum prior to entering both cardboard cartridge and paper bag filters; giving 2 levels of filtration down to 0.5 – 1 micron. This portable extractor is intended & ideal for the home workshop removing wood chips and dust from woodworking machines & power tools especially fitted with reduced ports from Ø100mm to Ø32mm.

Application examples Bandsaws, Scroll Saws, Sanders, and Power Tools etc. The Waste content can easily be emptied via a single quick action clamp. This extractor is also supplied with 2 metres of Ø100mm diameter hose.

Features

- German design & technology
- 1100W 240V motor
- 1.5HP
- Handle for easy moving
- Suction connector set for all small machines
- Filter cartridge
- Polyester needle-felt filter bag
- Low pressure 2500Pa
- Filter area 0.3m²
- Filtration 5 micron
- Filling capacity 50 litres
- Hose length 2000mm
- Hose connection Ø100mm
- Noise level 77dB (A)
- Certificate CE
- Dimensions: Ø400 x 700mm (W x H)
- Weight approx. 14kg

Includes

- 2 x hose clamps
- 1 x 100-68mm reducer
- 1 x 63-45mm reducer
- 1 x 40-40mm reducer
- 1 x 35-35mm reducer
- 2 meters of Ø100mm hose
- Hose adaptor fitting
- Spare filter bags

Specific Features

Head with Filter and Filter Bag

Heavy Duty Lifting Handle

Reducer Fitted to Hose

Hose Adaptor Fitting

Steel Canister Storage Drum
