Description

Sydney Pickup Only

Ex-Demo

Sold without warranty

The ESR-450 engine stand is truly an easy & user-friendly rotary design that makes engine building more accessible in many approach angles.

This very sturdy engine stand can hold up to a 450kg engine block, and with its six heavy duty swivel caster wheels allowing you to move and position the engine exactly where you need it in your workshop or garage.

The new geared manual crank handle feature mounted at the rear of the stand uses approx. up to 95% less human physical strength compared to the standard conventional units on the market and allows you to easily rotate the engine block 360º in any convenient desired angle position, for you to gain better & easier access when rebuilding a combustion engine and even when disassembling components.

Features

- 450kg capacity
- 360º geared rotating engine mounting plate & arms
- Heavy duty steel frame construction
- 4 x adjustable engine mounting arms
- Six swivel caster wheels
- Fold-up legs for storing
