Industrial Pedestal Fan - 750mm - HPF-75

80° Oscillating & 120° Tilting Head
 295 cubic M/min Air Flow

ORDER CODE:	F032
MODEL:	HPF-75
Fan Diameter (mm):	Ø750
Head Tilts (deg):	120°
Oscillating Head (deg):	80°
Type:	Pedestal
Flow Rate (m3/min):	295
Pedestal Height Adjustment (mm):	1460-1630
Motor Power (W):	240
Motor Speed (RPM):	1350
Voltage (V):	240
Nett Weight (kg):	19.5

Description

Keep workshops, warehouses, garages, factories and work areas cool with this heavy-duty 750mm Industrial Pedestal Fan. Designed for commercial and industrial environments, this fan delivers powerful airflow through its large aluminium blade assembly and 240W copper-wound motor. Featuring three-speed operation, adjustable height, and wide-angle oscillation, it provides reliable cooling performance while maintaining durability for demanding applications.

Constructed with front and rear wire guards, a robust 7kg rubber base, and a powder-coated finish, this fan is built for stability, longevity and everyday industrial use.

Features

- Heavy-duty industrial pedestal fan
- Powerful 240W, 240V motor
- 100% copper-wound motor for durability and efficiency
- Three-speed rotary selector control
- Large 750mm (30") aluminium blade assembly
- High airflow capacity of 295m³/min
- Wide 80° oscillation function for increased air circulation
- Adjustable height from 1460mm to 1630mm
- Heavy-duty 7kg rubber base for improved stability
- Head tilts 107°
