If you are looking for a little more of a series industrial drilling machine with a 4 morse taper spindle, then the GHD-38B geared head drilling machine is what you will need in your workshop to tackle all those medium to large drilling jobs.

With a great selection of 18 drilling speeds ranging from 50 – 1450rpm, and a generous drilling depth of 180mm, you will be able to accomplish many jobs that are required in any engineering & manufacturing production shops. Like all good drilling machines we offer in the market, this also has all the great necessity features required to make drilling holes as easy as possible. For e.g. thread tapping up to M24, powered auto feeds, coolant pump system, work light to shine directly onto your work and all the electrics are made to European standards for extra piece of mind.
