Description

The SBC-990 industrial sandblasting cabinet features a wide and high door opening from the front with gas strut supports holding the door up when lifted all the way and giving you ultimate access to the cabinet. This blaster has a massive cabinet size of 1175mm wide x 885mm deep x 625-845mm high that will suit any industrial workshop that needs to blast clean all types of metals.

At the rear of the machine there is a built in vacuum system that's connected to the cabinet to extract fine dust and airborne particles from the cabinet whilst blasting so you always have clear vision at your item. The blast gun has also been upgraded in this model to an industrial quality type as well that when used with correct constant air supply it will deliver outstanding media blasting capabilities.
